I have to say it is one good thing
Suburban Rail Loop have done...they do
all the car cleaning by hand, and they
clean the windows and everything,
they are lovely guys

“

We had our house windows and cars washed by the Community Crew. They worked very hard and the work was done professionally

I just wanted to let you know that the Community Crew came by today and did a wonderful job of cleaning the windows and cars, and they got it all done before the rain arrived too.

Thank you for organising this for us!

Hey team,
just wanted to pass on a compliment from Vince from Kingston Road. He was over the moon with the work and couldn't speak more highly of Solomon and the crew. Community Crew's work is really integral to all of this, so well done and keep it up!!

“

...so happy Suburban Connect would offer the second car wash for the birthday party this evening. Wonderful experience today

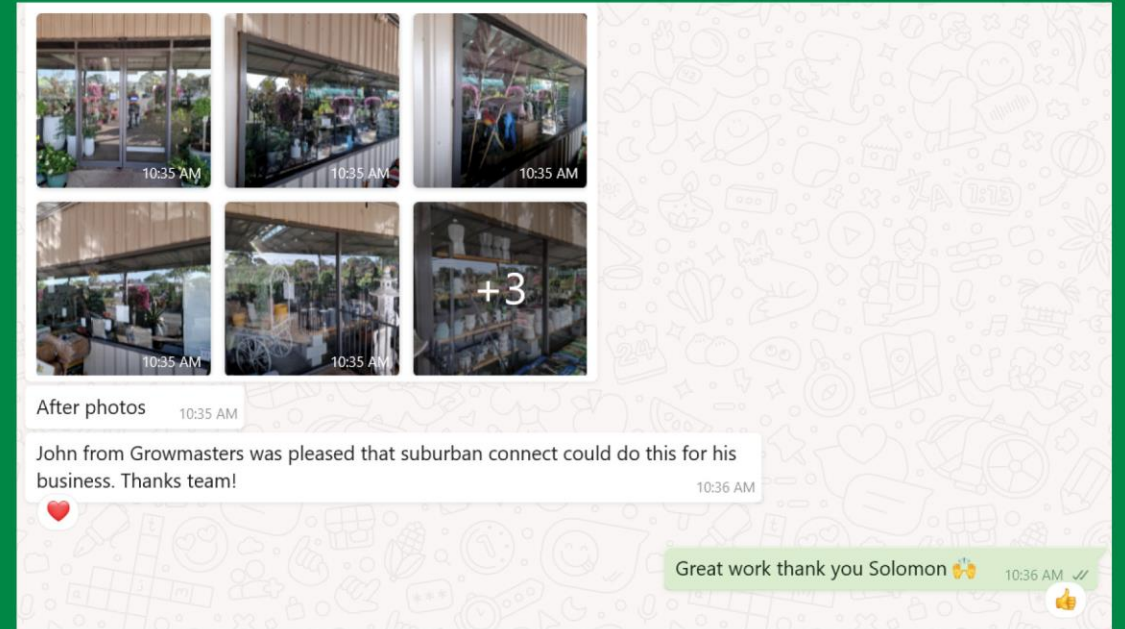

”

“

John was pleased that
Suburban Connect could do
this for his business,
thanks team!

The (crew's) services helped us by taking a bit of a load off, it can be a lot with a big family. I really appreciate their hard work, they were so great with their detail and they were so kind.
